*The state passing rate is based on data collected from all Ohio individuals taking the Praxis II in 1999-2000, regardless of their status in teacher education program. Some test takers may be sophomores or juniors in college. Others may be persons who are not enrolled in a teacher education program.

**The national passing rate is calculated at Ohio's cut scores, which are among the highest in the nation. For instance, Ohio requires the highest cut score in Principles of Learning and Teaching 5-9 (middle childhood) and ranks second in Principles of Learning and Teaching in K-6 and 7-12 (early childhood and adolescent/young adult.)

*** No pass rate is calculated when fewer than 10 teacher candidates take the Praxis II test.
